

100M solar panel specifications

Overview

The TS-100M solar panels have a rated output of 100 Wp and an impressive efficiency of 145. The GP-PV-100M Solar Module is a high-efficiency monocrystalline solar module that provides outstanding performance and cost-effective solar power for high-end off-grid and mobile applications.

Homeowners can also pair these panels with energy storage solutions, such as home batteries, to store excess energy for use during peak hours or in case of power outages. Add: 299 Xing Cheng Road, Chong Chuan District, Nantong, Jiangsu, China Tel: +86 513 66690088 / E-mail: info@eco-greenenergy.com
