

20-foot Smart Photovoltaic Energy Storage Container for Africa

Overview

20ft and 40ft container energy storage systems with capacities from 250kWh to 5MWh, featuring advanced thermal management, climate control, and integrated safety systems for African conditions. Our certified solar specialists provide comprehensive monitoring and technical support for all installed photovoltaic power plants and solar container systems. From initial system design to ongoing maintenance and optimization, GETON CONTAINERS ensures your solar energy solutions perform at peak. The 20FT Container 250kW 860kWh Battery Energy Storage System is a highly integrated and powerful solution for efficient energy storage and management. Set up in under 3 hours for off-grid areas, construction sites & emergency power.
