

440 solar Panel Specifications

Overview

Featuring advanced n-type Bycium+ cell technology and multi-busbar half-cell construction, this 440W module delivers excellent output even in low-light conditions. With a maximum module efficiency of 22.5% and bifacial gain potential, it supports better system yields in real-world. available active area for optimal power performance. Industry leading 30 year warranty extreme weather. Up to 5400 Pa snow load and 5400 Pa wind load Modules per 40ft. Container 744 . The JA Solar JAM54D41-440/MB is a high-efficiency, all-black bifacial solar module built for residential and commercial applications where both aesthetics and performance matter. JA Solar reserves the right of f . Exceptional Anti-PID performance through the use of optimized mass-production processes and strict materials control. 5% of their labeled power output.
