

# 8 solar battery cabinet cabinet dimensions

## Overview

---

The enclosure's 55" height and 49" width dimensions provide generous internal volume while maintaining reasonable footprint requirements for most installations. This 8-battery capacity enclosure accommodates BCI Group 8G4D and 8G8D or LFP battery configurations, designed specifically for 8-battery systems with optional back panel assembly for organized electrical connections. The PAD-8 Series combines durable construction with comprehensive ventilation. Double 16" x 22" backplates allow multiple charge controllers, inverters, chargers, etc. Shelf space allows for additional customer equipment like radios and other power electronics. The SunWize Power & Battery 12-8D Cabinet Style Enclosure is targeted for battery backup system applications, but is usable in temperatures above 104 °F (40 °C) and below 32 °F (0 °C). We can design, build, and integrate a complete system for your solar battery enclosure! Take the guesswork out of your solar system and let us put together the perfect solution for you. MNBE-C battery enclosure accepts MNEDC175 or 250 breakers. Consider both physical dimensions and necessary clearances.
