

Acquisition of solar photovoltaic panel manufacturers

Overview

This list of companies and startups in the solar space that have been acquired provides data on their funding history, investment activities, and acquisition trends. Acquisition supports industry transition to steel solar panel frames to accelerate installation, enhance durability, reduce carbon footprint, and enable local supply chains. In Fremont, Calif., Otovo, a European solar operations and maintenance service firm headed by former Sunnova CEO, enters the California residential market with the acquisition of Solar Service Professionals. "Solar panel frame technology has been relatively unchanged for over 45 years," said Dan Shugar, founder. Materials science giant Corning is betting on US solar, buying Chinese-owned JA Solar's 2 GW factory in Arizona as clean energy tax credit rules tighten.

Acquisition of solar photovoltaic panel manufacturers

Chinese solar stocks rally on reports Musk's staff visited suppliers

Shares of Chinese solar panel makers surged after a team of staff sent by Elon Musk had reportedly visited several photovoltaic suppliers in China.

List of top Acquired Solar Companies
