Adjustable bracket for solar lights

Overview

This light extended mounting bracket is designed to work with the majority of standard-size outdoor lights, garden lights, and security lights on the market. It is suitable for most solar street lights and comes with four fixing screws for easy mounting on a wall, tree, fence. This product has sustainability features recognized by trusted certifications. Manufactured on farms or in facilities that protect the rights and/or health of workers. Enhance your solar lighting setup with the Langy Adjustable Bracket, designed specifically for 3" pole. Whether you're expanding your off-grid array or building a new system, this adjustable mounting kit supports up to 5 × 400W. Solar lights convert sunlight to electricity to illuminate outdoor areas, reduce energy costs, and eliminate the need for a power supply. These lights have solar panels or cells that absorb sunlight during the day to charge the lights' batteries, operate the lamp at night, and eliminate the need. If you're looking to install solar panels on your rooftop with ease, the Solar Panel Mounting Brackets and Clamps Kit is your best choice.
