

# **Bidirectional charging of outdoor telecom cabinets for ships in africa**

## Overview

---

Westell is a collaborative partner in telecom system integration and outside plant (OSP) deployment optimization providing customized, fully integrated, vendor neutral outdoor network equipment enclosures. With proven expertise in system integration, Westell also manages the details for design assistance, planning, thermal management. Charles Universal Broadband Enclosures (CUBE) are constructed to withstand the elements and provide superior protection for active electronics in all environments. The ORC houses DC power, batteries and equipment. Marine grade aluminium construction and fully sealed technology guarantee a long maintenance-free life for the cabinet and complete protection for equipment inside.
