

Boston solar panel greenhouse manufacturer

Overview

New England Greenhouses is a family run business headquartered in Lexington Massachusetts. We take pride in creating bespoke greenhouses for our customers in the traditional New England style with smart technology. Rooftop solar panels have a long list of benefits that will save you money, reduce your impact on the environment, and reduce your reliance on your utility company. Outdoor Personia can make it happen with a specially-designed, hand-crafted custom Greenhouse built to last just for you. Each greenhouse is built with quality wood. With over 30 years in the building industry and 14 years in Massachusetts solar energy solutions, our founders blend their skills to bring you top-notch residential and commercial solar solutions. These solar panel manufacturing companies offer an array of services extending from manufacturing high-efficiency solar panels to providing solar energy. A New England garden greenhouse allows you to grow plants year-round, even through the coldest winters.
