

Cambodia-specific solar inverter brand

Overview

Since 2008, EcoSun (Cambodia) Co., Ltd has been providing Cambodian households with a comprehensive range of solar-powered appliances and solar solutions. From energy-efficient appliances to sustainable solar and hybrid systems, we provide solar energy solutions tailored to meet any. Solar Green Energy Cambodia (SOGEC) was founded by a group of Cambodian technicians as a Renewable Energy Development Association based in Kampong Thom province in 2008. In 2014, SOGEC was officially registered under the Ministry of Commerce. As the nation aims to achieve 25% clean energy by 2030, solar inverters - the brains behind solar panel systems - are becoming hot commodities. We can help realise the goal of affordable and reliable power provision for all of Cambodia's energy users, ranging from industrial scale business. After detailed research, he discovered that Xindun, an inverter manufacturer with nearly 20 years of experience, boasts a modern production facility spanning over 10,000 square meters, strong production capacity, stable supply capabilities, and significantly competitive pricing.
