

Can a TV be placed in a locker

Overview

Yes, it's generally safe to store a TV as long as you take the necessary precautions. Ensure the TV is properly packed to prevent damage from shifting or impacts. However, the storage cabinet and TVs are heavy, so you will want as much support from the walls as possible. Whether you're moving to a new home, temporarily downsizing, or simply need to store your TV during a renovation, following a few simple steps will ensure that your TV remains in. Before starting with the process of packing TV for storing in a Storage Unit, a few things you need to keep in mind are - Wipe the screen of your TV gently with a soft and dry cloth. Gather all the TV accessories, cables, and remotes and wrap. If your TV has a stand, disassemble it and set it aside to be boxed separately.
