

Can the locker hold a few bottles of fruit wine

48V 100Ah

Overview

Some lockers are designed for small collections, with capacities ranging from 6 to 12 cases of wine. Your locker/cellar is locked, individually alarmed and supervised 24/7 by a central alarm monitoring station. When you arrive, the system identifies you and automatically disarms the alarm on your unit - and your unit only! All other client units remain locked and alarmed. The system automatically. High Storage Capacity: With racked storage for 544 bottles and bulk storage for 78 bottles, this cabinet accommodates extensive wine collections, perfect for your growing bar. I'm trying to figure out how to maximize the number of bottles I can fit in it without having to move every bottle when I pull something. Storing wine in a stable, climate-controlled environment helps prevent spoilage. How much fruit can be stored in the locker?

1. The dimensions of the locker, 2. The packing method employed, 4.
