

# Comparison of 20kW energy storage cabinet for urban lighting

## Overview

---

This guide aims to walk you through the essential considerations when selecting energy storage cabinets, ensuring you find a solution that perfectly aligns with your needs. The EK indoor photovoltaic energy storage cabinet is a photovoltaic system integration device installed in indoor environments such as communication base stations. As the sector matures, selecting the right vendor becomes critical for utilities, OEMs, and integrators aiming to optimize their energy storage deployments. Rated Output Power: 20kW/30KW/50KW  
Rated Energy: 51.2 kWh/ 60 kWh/107 kWh Cooling Way: air cooling Warranty: 60-month warranty from the delivery date Certifications: CE, FCC, UN38. At CNS BATTERY, we're here to guide you through the process. Contact our business director, Amy, at amy@cnsbattery.
