

Desay Energy Storage Lithium Battery

Overview

Beyond cell technology, Desay Battery introduced its modular energy storage systems, with scalable 100Ah and 280Ah lithium modules and 52S battery packs for versatile integration. For commercial and industrial use, the company presented the Lumos 215kWh and 344kWh C&I DC ESS. Desay Battery has taken part in SNEC 2025, showcasing its cutting-edge battery cell technology via a wide range of products, the line-up including high-performance lithium-ion cells (DLP-100, DLP-280, DLP-314) as well as the innovative DSP-60 sodium-ion battery. In addition to cell technology, the Shenzhen Desay Battery Technology Co. (hereinafter referred to as “Desay Battery” or “the company”) is a listed company on the main board of the Shenzhen Stock Exchange (stock code: 000049). The Desay Battery's 314 Ah energy storage cell becomes the first to pass new national standard test On August 10, Desay Battery's self-developed 314Ah energy storage cell successfully passed the new national standard GB/T 36276-2023 test, becoming the first lithium-ion battery for energy storage in the. - Desay Battery leads energy storage with proactive safety tech, embedding protection in design to boost system viability and investor appeal. - Its AI-driven predictive modeling and digital integration (e.

An industry first! Desay Battery's 314 Ah energy storage cell becomes

On August 10, Desay Battery's self-developed 314Ah energy storage cell successfully passed the new national standard GB/T 36276-2023 test, becoming the first lithium-ion battery for ...

How is Desay's battery energy storage system?

Desay's battery energy storage system represents a significant stride toward modernizing energy consumption and management. With its advanced technology and high ...

Desay Battery highlights innovations focused on safety

Desay Battery showcased a comprehensive range of lithium and sodium batteries, including cells with capacities of 100Ah, 280Ah, and 314Ah, alongside a 60Ah sodium cell. Modular ...

Desay Battery's Proactive Safety Innovation: A Strategic Edge in the

Desay Battery, a rising star in the energy storage sector, has emerged as a standout player by pioneering proactive safety innovations that not only protect assets but also enhance the ...

Desay Battery Introduces Proactive Safety in Smart Energy Storage

Desay Battery continues to provide customized lithium battery solutions to world energy storage leaders thanks to its comprehensive design experience and end-to-end solution capabilities.

Desay Battery Unveils Proactive-Safety-Focused Energy Storage

With its end-to-end solution capabilities and extensive design expertise, Desay Battery continues to serve global energy storage leaders with tailored lithium battery solutions.

Desay Battery unveils innovative energy storage solutions at SNEC 2025

In addition to cell technology, the company unveiled its modular energy storage systems, which incorporate scalable lithium modules at 100Ah and 280Ah and 52S battery packs that allow for ...

Huizhou Desay Battery Co., Ltd.,

Hunan Desay Battery Co., Ltd. specializes in energy-storage cells and related businesses. The company has long been dedicated to the field of battery management systems, battery packaging and ...

Desay Battery Unveils Latest Energy Storage Solutions at Middle East

Beyond cell technology, Desay Battery introduced its modular energy storage systems, with scalable 100Ah and 280Ah lithium modules and 52S battery packs for versatile integration.

Desay Battery showcases next gen energy storage

innovations

Expanding beyond individual cells, Desay introduced modular energy storage systems designed for flexible deployment across various sectors. These included 100Ah and 280Ah lithium
