## Overview

---

It includes, assessing the environmental impact of proposed developments; working with communities to establish Community Conservation Areas; working with researchers to learn more about our unique environment; protecting internationally endangered species; controlling ozone. It includes, assessing the environmental impact of proposed developments; working with communities to establish Community Conservation Areas; working with researchers to learn more about our unique environment; protecting internationally endangered species; controlling ozone. The vision of DEPC is "leading Vanuatu to a clean, resilient and sustainable environment" and its mission is to achieve its vision by leading by example "Think Environment First: Show People!" Over the years, the Vanuatu Government has introduced a number of pieces of environmental legislation, but. Vanuatu's Minister of Climate Change Adaptation, Meteorology, Geo-Hazards, Environment, Energy, and Disaster Management, Hon. John Dahmasing Salong, emphasised this when he launched the first Vanuatu State of the Environment Report (SOE). The SOE report reflects the state of Vanuatu's natural. How climate adaptation in Vanuatu is protecting. Situated in the South Pacific Ocean, Vanuatu faces a high risk of tropical cyclones, experiencing between 20 to 30 events each decade, with around 1 in 5 causing severe damage. The devastation wrought by Cyclone Pam in 2015 - which claimed 11 lives. 4 April 2024, Port Vila - Vanuatu continues to show leadership in waste management through its national efforts to safeguard the environment and promote sustainability through local initiatives. In March 2024, the Vanuatu Ministry of Climate Change and Adaptation through its Department of. The importance of effectively harnessing the power of nature to help solve sustainable development challenges, such as climate change, food security and disaster risk reduction, was explored at the Aligning Ecosystem-based Adaptation and Nature-based Solutions in Vanuatu workshop held in Port Vila. As Vanuatu commemorated its 45th Independence Day this July, the nation reflected not only on its hard-won sovereignty but also on its growing leadership in sustainable development and climate resilience. This milestone was not just a reflection of political freedom won in 1980 - it was a.
