

Full energy storage solution

Overview

A robust home energy storage and management system integrating various power sources to provide 24/7 whole-home power backup and intelligently optimizing energy use to eliminate energy bills. Fluence is enabling the global clean energy transition with market-leading energy storage products and services, and digital applications for renewables and storage. Whether during blackouts or peak demand, you'll enjoy uninterrupted comfort and peace of mind. By intelligently managing solar, battery, generator, EV, and grid power, the FranklinWH System helps you cut down electricity bills. Energy storage has a pivotal role in delivering reliable and affordable power to New Yorkers as we increasingly switch to renewable energy sources and electrify our buildings and transportation systems.
