

# Highway energy storage battery cabinet 600mm deep warranty

 **TAX FREE**    

**Product Model**  
HJ-ESS-215A(100KW/215KWh)  
HJ-ESS-115A(50KW 115KWh)

**Dimensions**  
1600\*1280\*2200mm  
1600\*1200\*2000mm

**Rated Battery Capacity**  
215KWH/115KWH

**Battery Cooling Method**  
Air Cooled/Liquid Cooled

## Overview

---

With multi-layer fire suppression, remote cloud monitoring, and factory-backed warranties, they deliver reliable, safe, and intelligent energy storage without requiring dedicated indoor infrastructure. Most industrial off-grid solar power systems, such as those used in the oil & gas patch and in traffic control systems, use a battery or multiple batteries that need a place to live, sheltered from the elements and kept dry and secure. This place is called a "battery enclosure", or what is. HindlePower's Battery Cabinet is designed to maximize DC system performance and battery life, saving YOU time and money. The EPIC series battery cabinet offers a NEMA 3R and NEMA 1 modular design, with built in intelligence, will safely house any combination of batteries, chargers, DC distribution. DENIOS' cutting-edge battery charger cabinets, integrated within our Lithium-Ion Energy Storage Cabinet lineup, guarantee secure and fire-resistant containment during battery charging processes. Our practical, durable cabinets are manufactured from aluminum, and lined with CellBlock's Fire Containment Panels.
