

Homemade solar power generation kit

Overview

This DIY solar generator kit includes two 100W solar panels, one 30A charge controller, and a solar adaptor kit together with all the cables and connectors you need. The panels that come with this kit have corrosion-free aluminum frames, so you can use them outdoors for extended. Portable, weatherproof, and ready-to-rock — a homemade solar generator can meet all your power needs in and around your boat, camper, or cabin. Then all the relevant input and output sockets are wired and mounted on the outside of the case where they are easily accessible.
