

How much does a containerized generator cost

Test certification
CE  FC 

Overview

According to Angi and HomeAdvisor, the typical cost of a whole-home generator is \$1,524 to \$8,658, with homeowners paying around \$5,090 on average. You might be surprised at how affordable powerful generators can be. Our Tier 4 containerized generators are high-powered —500 kW to 1250 kW— units packaged in 30-foot or 48-foot ISO containers. The larger footprint of these units allows for more versatility from a manufacturing specification standpoint — we can easily equip your gen set with greater levels of sound. Generator Cost Guide: How Much Should You Expect to Pay?

Generator prices range widely based on type, size, and features. Calculate exact Generac generator costs with our professional tools. Get accurate pricing for.
