

# Huawei outdoor inverter general model

## Overview

---

Key inverter features include: Conversion efficiency of up to 98.6%, ensuring minimal energy loss. Multi-MPPT design for optimal tracking and maximised PV yield. The power of the inverter module is not derated when the temperature is below 55°C, and is linearly derated when the temperature is above 55°C. (When the altitude ranges from 2000 m to 5000. Market Leadership with Proven Technology: Huawei maintains its position as the world's #1 solar inverter manufacturer for six consecutive years, commanding 29% of the global market through superior AI-powered optimization, 99% peak efficiency, and extensive R&D investment representing 54. On this page, you can find a complete list of solar inverters from Huawei Technologies USA and compare models side-by-side. Huawei pronounced "Hua-Way" is a Chinese communications and technology company mainly known. \*1. Disclaimer: The preceding values are measured by an internal laboratory of Huawei in a specific environment.
