

# Huawei solar energy storage installation in Burkina Faso

## Overview

---

The Government of Burkina Faso has signed a Public-Private Partnership (PPP) agreement with a local developer and a Dutch clean energy investment firm to develop a major solar and battery storage system. The project is earmarked to deliver 150MWp of solar PV power integrated with a 50MW battery. a Project. Image: Red Sea Development Company. A consortium of developers has achieved financial close for US\$1. 3 billion in debt facilities for utilities infrastructure s and regional reference-level sales solutions. Learn how off-grid solutions and battery innovations are shaping the nation's renewable energy landscape. With over 2,500 hours of annual sunlight, Burkina Faso has immense potential. Summary: Discover how Burkina Faso is embracing innovative energy storage technologies to stabilize its renewable energy grid, reduce energy poverty, and create business opportunities in West Africa's growing clean energy sector.
