

Individual stock solar inverter champion

Overview

Champion's 1638-Wh portable power station is lithium-ion battery-powered meaning no gas and no emissions. Add solar panels to convert it into a clean solar generator or charge with standard household outlets. Plus, link up to 10 expansion batteries to extend your run time. This isn't just a battery; it's a claimed all-in-one off-grid power solution. No gas, no engine, and no emissions for. Since 2003 Champion Power Equipment has earned a reputation for designing and producing the finest power equipment. From our headquarters in California Champion has expanded its North American footprint to include facilities in Tennessee, Wisconsin and Canada.
