

Mobile Energy Storage Container for Wastewater Treatment Plants Scalable

Overview

Suitable for both municipal and industrial wastewater, they can handle projects of any size, treating wastewater from 50 to 20,000 people for sewage, or 1m³/hr to 250m³/hr for industrial wastewater. The system can achieve any required effluent quality for discharge, reuse. The ClearFox® Containerized System is a packaged wastewater treatment plant, custom designed and pre-installed within ISO shipping containers. As a modular solution, it is easily transportable by land or sea, with minimal onsite installation required. Containerized mobile treatment systems are ready to use immediately on delivery and cater. Orenco's AdvanTex AX-Mobile™ is an ideal package treatment system for remote wastewater needs of all kinds, including mining, oil field, and gas camps; military installations; and emergency sanitation. Mobility, durability, and protection are all important features that we make sure to incorporate within our mobile water treatment systems, which also helps reduce long-term costs. Based on the activated sludge process, these containers guarantee wastewater.

Mobile Energy Storage Container for Wastewater Treatment Plants
