

# Montenegro hospital uses 10kW photovoltaic container

## Overview

---

The facility will consist of a sovereign loan to Montenegro in the amount of up to EUR 12 million for the benefit of the Ministry of Health (“MoH”) to finance implementation of energy efficiency measures and, renewable energy technology (solar photovoltaic) in three public. The facility will consist of a sovereign loan to Montenegro in the amount of up to EUR 12 million for the benefit of the Ministry of Health (“MoH”) to finance implementation of energy efficiency measures and, renewable energy technology (solar photovoltaic) in three public. 1 As per section 1. 8 of EBRD's Directive on Access to Information (2019), the Bank shall disclose Board reports for State Sector Projects within 30 calendar days of approval of the relevant Project by the Board of Directors. Confidential information has been removed from the Board report. For the. Instead, EPCG introduced a zero-upfront model: the utility provides a photovoltaic system, while participants repay the cost through monthly instalments aligned with their previous electricity bills. Podgorica's unique geography and economic development create perfect conditions for photovoltaic. The European Bank for Reconstruction and Development (EBRD) has made its first-ever energy efficiency investment in public buildings in Montenegro. These measures will help reduce energy consumption by 50%.
