

New Zealand energy storage equipment manufacturer

Overview

We power New Zealand with locally designed, smart battery solutions — built to perform in harsh environments and tailored to your project needs. Complete control of cell sourcing, assembly. Fern Energy Ltd is a joint venture that emphasizes efficient and sustainable fuel solutions, which may imply expertise in fuel storage. Our fully integrated, plug-and-play battery energy storage solutions (also known as BESS) come in different sizes, from 30 kVA to 1MW, to suit a wide. Taspac Energy is NZ's premium supplier of Solar PV and Energy Storage Solutions. 100% Kiwi owned, Taspac was founded in 2014 with a very simple goal - to provide best-in-class renewable energy solutions to New Zealand solar installers and electricians, backed up with a high level of local sales. With scalable solar energy storage systems that cut costs, boost resilience, and gives farms and businesses full control over your energy use. Customized and built for -40°C to 65°C. Deepsea, high-pressure, rugged, weatherproof, and reliable. High-performance lithium batteries for boats and EVs. BESSNZ is a company focused on offering a data driven informed flexible approach to energy management to provide savings.
