

Photovoltaic Board Sister

Overview

Solar Sister is an African social enterprise that trains and supports women in building businesses centered around delivering clean energy to homes in rural African “last-mile” communities. Solar Sister has operations in Tanzania, Nigeria, and Kenya. Using a sustainable, market-based business model that combines women's economic empowerment and last mile distribution, since 2010, Solar Sister has. Solar Sister is a pioneering organization dedicated to combating energy poverty in off-grid communities across Africa. By investing in women-led clean energy businesses, Solar Sister not only empowers women economically but also fosters sustainable development. They combine the breakthrough potential of clean energy technology with a deliberately woman-centered direct sales network to bring light, hope and opportunity to remote communities in rural Africa.
