

Selling old and broken photovoltaic panels

Overview

After years of working in the solar equipment marketplace and helping clients navigate solar panel resale, I've compiled this comprehensive guide to help you sell your panels quickly, legally, and profitably. We partner with EPCs, solar installers, contractors, real estate developers around the world that want to recycle excess new and used/ old solar panels and equipment. Ask any PV professional, and they will assure you that it is not their intention to contribute to e-waste. If your solar panels and equipment have no recoverable value, we can provide. As the solar energy market continues to grow, the question of what happens to broken solar panels becomes increasingly relevant.
