

# Solar Photovoltaic Power Generation Purchase Details

## Overview

---

A solar power purchase agreement (PPA) is a financial arrangement in which a third-party owner installs, owns and operates a solar system on your property. Then, you buy the electricity generated by the system for a set period at a predetermined rate. This fact sheet is written to support decision makers in U. state. — PPAs are long-term contracts where companies buy renewable energy at a fixed price, providing price stability and helping fund new green projects. They can be structured in a myriad of ways, such as through busbar agreements or block delivery.
