

# Solar container lithium battery solar lighting

## Overview

---

These kits come in portable, containerized units that house all the necessary components, including photovoltaic panels, battery banks, charge controllers, inverters, and LED lighting fixtures. Shipping Container Solar Lighting Kits provide lighting in shipping containers and storage areas with 2 days of battery technology for cloudy, rainy, or snowy days with 8 hours per day of run time. This package includes two 14-watt vaporproof LED fixtures, one 265-watt solar panel and two 40aH lithium-ion batteries. The system is designed with plug and play (PnP) connectors for easy assembly. The lights and timer switch easily setup. This kit keeps your battery bank ready for longer stays and convenient appliance use. Settle in and enjoy the symphony of birds and crickets as your solar. RENDONO Solar has been manufacturing these innovative solutions since 2010, helping importers in 80+ countries deploy reliable renewable energy systems in. RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design.
