

Solar installation sierra leone

Overview

Founded in 2021, we specialize in designing, installing, and maintaining high-quality solar energy systems for homes, businesses, and institutions. To bridge the energy access gap in Sierra Leone. Easy Solar enhances the lives of people across West Africa by providing access to solar energy solutions and other transformative durable goods. Sierra Leone is taking a monumental step towards a brighter, cleaner energy future. In a move set to revolutionize energy access and promote sustainability across the nation, the government has launched a new national solar panel subsidy program.
