

Solar panel electricity rental

Overview

Solar leasing allows homeowners to use energy from rented solar panels. Solar leasing can be especially good for people who don't qualify for solar loans and don't plan to. Leasing with Tesla is the most affordable way to get Tesla Solar Panels and Powerwall. You make a fixed monthly payment for a system that Tesla installs, owns and services. In this guide, we'll break down everything you should know about leasing solar panels. IGS Energy offsets all the energy you use with renewable energy credits that support clean, sustainable projects like wind, solar, hydro power and more. But if you're leasing or renting a home and want to go solar, what are your options?

Although it can be less straightforward, switching to solar for renters is possible.
