

Tanzania New Energy solar Panel Component Factory

Overview

We design, procure, install, maintain & operate tailor-made solar solutions for both residential & commercial clients across Tanzania. We are also a Renewable Energy Components Distribution Company, providing genuine products from reputable manufacturers across the globe. Comprising 1,296 state-of-the-art solar modules and six optimized inverters, the grid-tied system is designed to deliver consistent daytime power throughout the factory's production season, which runs from May to October. A cutting-edge 570-kilowatt (kW) rooftop solar power facility was officially. View the best range of modules / solar panels / solar cells from trustworthy brands. From single-phase storage to three-phase commercial storage, we have every type of battery storage. The Tanzania Electric Supply Company Limited (TANESCO) has achieved 83% completion on the landmark Kishapu solar farm project, bringing it significantly closer to commissioning. Rex provides unique specialized services tailored to meet the requirements in the country and the region in terms of solar energy and back-up systems.

Tanzania New Energy solar Panel Component Factory
