

Temporary workers installing photovoltaic panels

Overview

113 Temporary Solar Work jobs available on Indeed. Apply to Solar Installer, Electrician, Closer and more!. When a wind farm project breaks ground or a solar installation ramps up, they need workers immediately—not six months from now. That's why temp staffing has become a core strategy. We specialize in hiring skilled: Solar Installers Forklift Reach Truck Operators Order Picker/Packers Order Selectors General Warehouse Laborers And more! Whether you need temporary. According to IBISWorld, the almost \$20 billion US solar power industry grew at over 19% annually between 2018 and 2023. Many believe it will achieve a similar trajectory in the future. That translates into a lot of solar panels to manufacture, assemble, and install. Most solar panel installations are done outdoors, but PV installers sometimes work in attics and crawl spaces to connect panels to the electrical grid. Installers also must. Recognized as a national leader in renewable energy staffing and recruitment, Trillium specializes in supporting renewable energy partners in locating skilled trades talent.
