

Trinity Photovoltaic Panel Lease Contract

Overview

Trinity Solar offers four purchasing options for homeowners: upfront cash payment, solar loan, solar lease and Power Purchase Agreement (Solar PPA). Lease, loan and power purchase agreements (PPAs) are from trusted Trinity partners, not us directly. With a lease or PPA, a third party pays for the installation and equipment. Your c n, you generally. Under a solar lease, the solar company owns your system and receives tax incentives. This means you typically can't claim any state tax credits or rebates directly—but leases are the only projects that still qualify for the federal tax credit after 2025, and competitive providers should pass those. Lower your electric bill, gain energy independence, and protect the planet with a home solar power system. Your agreement data is successfully submitted.
