Types of thermal insulation

A Quick Guide to Types of Insulation Materials

Seven main categories dominate the residential and commercial insulation market. Each has specific strengths. Fiberglass costs less but spray foam seals better. Cellulose uses recycled ...

Types of Insulation

The type of insulation you should choose depends on how you will use it and on your budget. While closed-cell foam has a greater R-value and provides stronger resistance against moisture and air ...

The Complete List of Thermal Insulation Materials: Types, Uses, and

Learn about thermal insulation materials, their types, applications, and best practices for improving energy efficiency in homes and buildings.

Types of Thermal Insulation

Products and Their Performance

Insulation creates thermal resistance by combating the three primary mechanisms of heat transfer: conduction, convection, and radiation. Conduction is the transfer of heat through direct ...

10 Types of Insulation Every Homeowner Should Know

They come in two types: Expanded polystyrene (EPS) and extruded polystyrene (XPS). Polyisocyanurate and spray polyurethane foam. Let's ...

All 9 Types Of Insulation Explained (Materials, R-Values, Applications)

Insulation Type 1: Batts and Rolls
 Blanket Insulation
 Insulation Type 2: Concrete Block Insulation
 Insulation Type 3: Rigid Foam Or Foam Boards
 Insulation Type 4: Insulating Concrete Walls Forms
 Insulation Type 5: Blown-In Insulation and Loose-Fill Insulation
 Insulation Type 6: Radiant Barrier Insulation
 Insulation Type 7: Rigid Fiber Board Insulation
 Insulation Type 8: Sprayed-Foam Insulation Or Foamed-In-Place Insulation
 Insulation Type 9: Structural Insulated Panels
 Summary of Insulation Types
 All in all, we have a clear

overview of all types of insulation used in home construction. Most of these types will require professional installation. However, some smaller jobs like sprayed-foam insulation you can do yourself. This is an overview article. We have looked into specific problems and questions about insulation. If you just look around See more on learnmetrics
