

US Sky Energy Storage Project

Overview

Azure Sky wind + storage is Enel Green Power's first large-scale hybrid wind project globally, featuring a 350 MW wind + 180 MWh battery storage facility. Located in Throckmorton County, Texas, the project is expected to generate around 1.3 TWh of renewable energy each year. It will produce enough. Enel North America's Azure Sky solar-plus-storage project is the first renewables hybrid plant worldwide to receive an Envision rating, the leading designation for sustainable infrastructure projects.

US Sky Energy Storage Project

North American Clean Energy

Enel North America 's Azure Sky solar-plus-storage project has received an Envision Gold rating for sustainable infrastructure. The project is the first renewables hybrid plant and largest ...

Azure Sky Wind + Storage Project, USA

Azure Sky wind + storage is Enel Green Power's first large-scale hybrid wind project globally, featuring a 350 MW wind + 180 MWh battery storage facility. Located in Throckmorton County, Texas, the ...

Enel Green Power (EGP)
