Overview

We'll show you how to stretch your ham radio budget by building a portable station that can double as your home base rig too. Base batteries run in two directions, which is how Base is able to keep costs low for homeowners. When the grid goes down, the battery hub separates your house from the grid. Huijue Group's energy storage solutions (30 kWh to 30 MWh) cover cost management, backup power, and microgrids. Suitable for grids, commercial, & industrial use, our systems integrate seamlessly & optimize renewables. High-density, long-life, & smartly managed, they boost grid stability, energy efficiency, & reduce fossil fuel reliance.
