Buying in bulk by pallet or container lets you lock in better prices per watt, simplify logistics, and get equipment from trusted brands in one. Get ready for special offers delivered straight to your inbox. Buy solar panels by the pallet at discounted wholesale prices. Saltwater mist is both highly corrosive and conductive, making anti-corrosion measures critical for three reasons: Lifespan: Salt spray corrodes metal heat sinks and solder joints. Without protection, a unit with a 10-year theoretical life may fail in just 2-3 years. Serving installers across Nassau, New Providence, Freeport, Abaco, Eleuthera & all Family Islands. By following these techniques, you ensure your coastal solar installation remains efficient, safe, and durable, delivering clean energy reliably for years to come despite the challenges posed by saltwater corrosion.
