

# Xutai Solar Power Generation

## Xutai Solar Power Generation

### Company Overview

We are devoted to Solar Street Light innovation and development, especially solar street light for government project. We are rich experienced in government project globally in more than 60 ...

### One million-kilowatt integrated solar-thermal project begins operation

A one million-kilowatt integrated solar-thermal and photovoltaic comprehensive energy demonstration project has officially connected to the grid for power generation in northwest China's Xinjiang ...

- 50KW/100KWH
- HIGHER POWER OUTPUT IN OFF-GRID MODE
- CONVENIENT OPERATION & MAINTENANCE
- PRE-WIRED

### China's largest concentrated solar-thermal power project ...

The project will convert solar energy into thermal power during the day, enabling stable power generation for up to eight hours during nighttime.

## China opens world's biggest solar farm that spreads over ...

China has just connected what it believes to be the world's biggest solar power plant to the grid in northwestern Xinjiang.

## Yantai Xutai New Energy Technology Co., Ltd

Their main business is solar project production & installation in China and solar streetlight export for international government projects. They have supplied solar streetlights for government projects in more ...

## Company highlights

XUTAI NEW ENERGY TECHNOLOGY CO.,LTD @2019 ALL RIGHTS RESERVED  
Contact from No.229, Tongshinan Road, Zhifu District, Yantai City, China Tel: +86 535 2128898 Tel: +86 186 6388 ...

## Integrated solar street lights

Its main products include solar street lights, LED street lights, ethnic minority street lights, solar garden lights, solar

landscape lights, solar insecticidal lights, and solar monitors.

## Xinjiang rides clean energy wave to power transition

A 100-megawatt molten salt solar thermal section of the project has adopted advanced Linear Fresnel technology -- one of the most advanced solar thermal power generation methods, using the ...

## Linzhou Xutai New Energy Technology

Manufacturer of solar thermal power generation products based in Anyang, China. The company specialises in photovoltaic equipment, electrical equipment repair and solar thermal power generation equipment.
