Overview

Yemen's transition to electric vehicle (EV) charging infrastructure is at an embryonic stage, constrained by ongoing conflict, economic instability, and underdeveloped energy infrastructure. This report analyzes the national policies, market size, development status, opportunities, and challenges. Al-Raebi Group is proud to announce the grand opening of Al-Raebi Auto Cars, the official and exclusive distributor for RIDDARA and FARIZON brands in Yemen. This milestone integrates Al-Raebi's expertise in Solar Energy with the future of mobility. Therefore, in order to solve issues such as increased pollution, global warming, the depletion of natural resources, etc. Vehicles employed in urban areas like small passenger cars, local delivery trucks, and city buses benefit from hybridization and show substantially lower CO₂ emissions, ranging from various CO₂ emission reductions at different costs.
